2.2 AutoFunder is a private body as defined in section 1 of PAIA. It operates a South African online car, finance and insurance marketplace. A buyer chooses a vehicle from dealer stock, uploads payslips and bank statements, receives an affordability view (the “Money Picture”) and applies once. The application is submitted to participating banks through the Seriti dealer finance platform under the relevant dealer’s codes. Banks decide whether to make offers. AutoFunder does not grant credit. Insurance quotes are obtained from insurers.

- written agreements with operators in terms of sections 20 and 21 of POPIA;
- confidentiality undertakings signed by staff; and

– defined retention periods, after which personal information is deleted or de-identified.

9. REQUEST PROCEDURE

9.1 A requester must comply with all the procedural requirements of PAIA. In terms of section 50 of PAIA, access to a record of a private body must be given if the record is required for the exercise or protection of any right, the requester complies with the procedural requirements, and access is not refused on any ground set out in PAIA.

9.2 A request must be made on Form 2 of the PAIA Regulations (Request for Access to Record) and submitted to the Information Officer by e-mail to privacy@autofunder.co.za or by post or hand delivery to the address in paragraph 3.

9.3 The requester must:

– provide sufficient particulars to enable the Information Officer to identify the record and the requester;
– indicate the form of access required;
– state a postal address or e-mail address in the Republic;
– identify the right the requester is seeking to exercise or protect and explain why the record is required for that purpose;
– state whether the requester wishes to be informed of the decision in any other manner, and the necessary particulars; and
– if the request is made on behalf of another person, submit proof of the capacity in which the request is made.

9.4 A requester who cannot read or write, or who has a disability, may make the request orally. The Information Officer will reduce the oral request to writing on Form 2 and give a copy to the requester.

9.5 Before access is given, the identity of a requester asking for personal information about themselves will be verified, so that personal information is not disclosed to the wrong person.

10. FEES

10.1 Fees are payable as prescribed in the PAIA Regulations. AutoFunder does not charge fees other than those prescribed.

10.2 **Request fee.** A requester, other than a personal requester, must pay the prescribed request fee before the request is processed. The Information Officer will notify the requester of the amount.

10.3 **Access fee.** If access is granted, the prescribed access fee is payable for the search, preparation and reproduction of the record and for postage, where applicable. If the search and preparation of the record will take longer than the time prescribed in the PAIA Regulations, the requester may be required to pay a prescribed deposit.

10.4 The record will not be released until the applicable fees have been paid. A requester may lodge a complaint with the Regulator, or apply to court, regarding the fees payable.

11. DECISION ON REQUEST AND TIME PERIODS

11.1 The Information Officer will decide on a request within 30 days of receiving it and notify the requester of the decision.

11.2 The 30-day period may be extended once, for a further period of not more than 30 days, if the request is for a large number of records, requires a search through a large number of records, requires consultation, or the requester consents. The requester will be notified in writing of the extension, the reasons for it and the right to lodge a complaint with the Regulator or apply to court against the extension.

11.3 If the Information Officer fails to respond within the period allowed, the request is regarded as having been refused (deemed refusal).

11.4 If a request concerns a record containing information about a third party, the third party will be notified and given an opportunity to make representations, as required by PAIA, before a decision is taken.

12. GROUNDS FOR REFUSAL OF ACCESS

12.1 Access may or must be refused on the grounds set out in Chapter 4 of Part 3 of PAIA (sections 62 to 70). In summary, these include:

Section	Ground
Section 63	Protection of the privacy of a third party who is a natural person, including a deceased person
Section 64	Protection of commercial information of a third party, such as trade secrets and financial, commercial or technical information
Section 65	Protection of confidential information of a third party, if disclosure would breach a duty of confidence owed in terms of an agreement
Section 66	Protection of the safety of individuals and the protection of property
Section 67	Protection of records privileged from production in legal proceedings
Section 68	Protection of commercial information of AutoFunder, including trade secrets and information whose disclosure could harm its commercial or financial interests
Section 69	Protection of research information of a third party or of AutoFunder

12.2 In terms of section 70 of PAIA, access must nonetheless be given to a record if its disclosure would reveal evidence of a substantial contravention of, or failure to comply with, the law, or an imminent and serious public safety or environmental risk, and the public interest in disclosure clearly outweighs the harm contemplated.

12.3 If access is refused, the requester will be given adequate reasons, with reference to the relevant provisions of PAIA, and informed of the remedies available.

13. REMEDIES

13.1 AutoFunder does not have an internal appeal procedure. A requester or third party who is dissatisfied with a decision of the Information Officer (including a refusal, a deemed refusal, the fees charged, an extension of time or the form of access) may:

- lodge a complaint with the Regulator, in the prescribed form, within 180 days of the decision (sections 77A and 77B of PAIA); or
